PETUNIA

SEEDS

This group of double and hybrid Petunias are of outstanding quality and they have had much popularity over a period of years. All the seeds offered here are direct from the originator of course. You'll find them most valuable and popular this year so plant freely.

PETUNIA, Nocturne

DOUBLE FLOWERED TYPES:

ALLEGRO: Scarlet salmon in bud opening bright deep salmon. Fully double fringe $3\frac{1}{2}$ " to 4" flowers. A dwarf vigorous grower base branching. About 12" high, 24" spread. An all purpose variety.

CAPRICE: A bright rose of attractive shade. Other characteristics similar to Allegro.

MINUET: Orchid-lavender, some blooms variegated. Taller than the two above (18") but about the same spread. Pinching in early growth suggested for better plant form.

NOCTURNE: Violet-purple - dark. Flowers medium large - 3" to $3\frac{1}{2}$ " but fully double fringed. Plant habit medium tall (15") with 24" spread. A good bedding sort.

RHAPSODY: Burgundy wine-red. Large flowered - $3\frac{1}{2}$ " to 4" and fully double fringed. Uniformly dwarf 12" by 24" and freely base branched. Very excellent.

SONATA: Pure white. Large flowered $3\frac{1}{2}$ " to 4" and freely fringed full double. Medium dwarf - 18" by 24". Suggested March 1st planting for May 1st setting. Pinch early in growth for better form.

PRICES: Originators seeds, $\frac{1}{2}$ Trade Packet \$2.50; Trade Packet \$4.00; $\frac{1}{128}$ oz. \$8.00; $\frac{1}{64}$ oz. \$15.00; $\frac{1}{32}$ oz. \$27.50 per item.

GLORIOUS MIXTURE: A formula mixture, from straight colors. Percentage is as follows: Allegro 25; Caprice 35; Nocturne 5; Rhapsody 10 and Sonata 20. Pinch taller plants to uniform height. Be sure to transplant ALL, not just the stronger plants as weaker plants in double Petunias are usually the best doubles.

PRICE: $\frac{1}{2}$ Trade Packet \$2.20; Trade Packet \$3.90; $\frac{1}{128}$ oz. \$7.25; $\frac{1}{64}$ oz. \$13.50.

F/1 HYBRIDS, GRANDIFLORA TYPES: Very outstanding type.

This group produces flowers $3\frac{1}{2}$ to 4 inches across in great profusion with beautifully fringed edges and brilliant colors. Plant habit is dwarf-spreading making it an ideal type for bedding and when pinched it can be well grown in pots. These you can't overlook this year.

BALLERINA: A. A. S. 1952. Soft glowing salmon of uniform large flowers and compact habit. Tops!

BOLERO: Bright rose-pink and exceptionally free flowering.

LA PALOMA: Pure white, yellow throat. Well fringed and free flowering.

PRIMA DONNA: A rich shade of rose. Excellent.

TANGO: Bright, deep scarlet-salmon. Very striking.

PRICE: $\frac{1}{2}$ Tr. Pkt. \$1.25; Tr. Pkt. \$2.35; $\frac{1}{128}$ oz. \$4.00; $\frac{1}{64}$ oz. \$7.50.

F/1 HYBRIDS, MULTIFLORA TYPES: Outstanding for bedding.

This group produces great quantities of large ($2\frac{1}{2}$ inch and larger) single flowers that give a lot of display throughout the entire season. The plant habit is excellent and the dwarf, spreading form makes them ideal for both bedding and pots. Pinching for the latter type of culture is advised.

APACHE: A fine, bright rose red.

COMANCHE: A. S. S. 1953. Deep scarlet-red. First of this series.

LINDA: (Improved Silver Medal) Clear light salmon-pink.

PALE FACE: One of the finest bedding pure whites.

SIoux: A very fine medium salmon.

PRICE: $\frac{1}{2}$ Tr. Pkt. \$1.00; Tr. Pkt. \$1.60; $\frac{1}{128}$ oz. \$3.00; $\frac{1}{64}$ oz. \$5.50.

DOUBLE AND SINGLE MIXED: Quite choice. **PER PKT.**, about 150 seeds, \$1.50; 1,000 seeds, \$6.00.

CULTURE

Is relatively simple and covered by a cultural leaflet sent with each order. Will bloom in about 8 mos.

COLEUS SEEDS

These plants are widely popular and those produced from our seed have excited much favorable comment from our customers. In spite of their being in mixed colors and markings, many new color combinations are produced and these are attractive to many gardeners because of their novelty.

LARGE LEAF TALL: A mixture of brilliant colors, robust plant habit suitable for back borders or individual specimen plants.

SMALL LEAVED MIXTURE: Brightly colored and compact these are best adapted for low border plantings. Do nicely in pots.

GLORY BLEND: This variety is fine for pots as well as edgings. Leaves are medium large and brightly colored yet the plants are reasonably compact.

SEEDS OF THE ABOVE THREE SORTS: Trade Pkt. \$1.00; 3 Pkts. \$2.50; $\frac{1}{16}$ oz. \$3.50.

FLORISTS' DECORATIVE BLEND: A new group of medium height with rather large leaves. Distinguished by their fine range of colors and markings, many of light and pastel shades. The robust, compact growth suits them well for pot culture and borders.

SEEDS: Trade packet \$1.25; 3 packets \$3.00; $\frac{1}{16}$ oz. \$5.00.

ANTHURIUM Crystallinum

This attractive and novel greenhouse plant has been popular in many sections for years. It is of tropical origin and is one of about 6 kinds that are most seen in cultivation. Leaves are attractive with their velvety green upper surface veined prominently and broadly banded in a conspicuously interlocked design. Coloring white to pale rose.

Anthurium require a high temperature, never below 55 degrees in winter, and a humid atmosphere. They thrive in a rough fibrous loam and the roots should be kept well covered. They require repotting seldom after they reach maturity. Seeds should be germinated at a temperature of 80 degrees and in a bell glass or under glass covering so as to maintain humidity on the surface of the seed bed.

PRICE: 25 seeds for \$2.00; 100 seeds for \$7.00; 250 seeds for \$15.00; 1,000 seeds for \$45.00.

CLIVIA - Kafir Lilly

Clivias are a good greenhouse or house plant. Leaves are 18 inches long and 2 inches wide, thick and glossy. Flowers are erect, to 3 inches long and scarlet, yellow inside giving a bright orange composit. When well grown they should be kept in the same pot for several years building the fertility through applications of liquid manure when watering. During their rest periods water should be practically withheld. Seeds of these are scarce and not easily obtained. Our offer is for delivery as available in sequence of receipt of orders.

SEED PRICES: 25 seeds for \$5.00; 50 seeds for \$9.00; 100 seeds for \$15.00; 250 seeds for \$32.50; 1,000 seeds for \$100.00.

PLANTS: Good blooming size, Each \$4.25; 3 for \$11.50 postpaid.

BEGONIA SEEDS

The culture of Begonias from seeds is a profitable and fascinating undertaking and is becoming more popular each year among the smaller commercial growers. We offer here an expanding line of the very best selections, condensed of course, but never the less of much interest.

TUBEROUS HYBRIDS - Giant Flowered Types.

GIANT CAMELLIA DOUBLE: Exquisitely colorful giant flowers of the most popular type. Unexcelled. Most are fully double Camellia form.

GIANT CARNATION DOUBLE: Resembles huge Florist Carnations.

CRISPA or SINGLE FRILLED: Large flowers with heavily ruffled edges.

The above three supplied in mixed colors only.

HARROLD'S FANCIERS BLEND: All types and colors from a most extensive collection. Carries about all the types and colors of which this plant is capable. A valuable mixture for the smaller grower as well as large.

SEEDS: Packet, about 500 seeds, with good culture should produce well over 100 plants \$2.50; 3 pkts. \$5.00; 10 pkts. \$15.00 assorted.

TUBEROUS HYBRIDA MULTIFLORA - Small flowered type.

These make excellent pot and bedding plants having many flowers up to 3 inches across.

CONNOISSEUR'S BLEND

Novelty Begonias

A most unusual offering in Begonia Seeds is made in this specially blended mixture. As you know seeds of many Begonias are hard to come by and some are rarely available. We have blended here the seeds of many varieties from many sources. These include Rex, Tuberhybrida, Semperflorens, Metallica and several hybrids. A packet of these seeds should produce 250 plants or more and will add much to your Begonia collection or make a foundation stock for starting one.

SEEDS: Per Pkt. \$2.50; 3 pkts. \$6.00
